Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. We also offer stand-alone consulting services. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individual, joint, trust and estate accounts. We primarily use mutual funds and exchange-traded funds in constructing portfolios. We may also utilize individual stocks, bonds or options contracts to meet your needs. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.

Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing. We also offer our services on a non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore, you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients.

Account Minimums & Other Requirements: We generally require a minimum relationship size of \$25,000 in order to effectively implement our investment process. This amount may be waived or reduced at our sole discretion.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fees for wealth management and financial consulting range up to 2.00% annually based on the scope of services provided. This fee will be collected at the beginning of each month or quarter and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees.

Fixed Fees: Our fixed annual fees for consulting fee is collected on a quarterly basis and negotiable based on the nature and complexity of the services to be provided and the overall relationship with us.

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager fees, custody fees, account administrative fees, fees and expenses related to mutual funds and applicable securities transaction fees.

Additional Information: **You will pay fees and costs whether you make or lose money on your investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

Some of our financial professionals are registered representatives of Purshe Kaplan Sterling Investments ("PKS"), Compass Securities Corporation ("Compass Securities") and M.S. Howells & Co. ("M.S. Howells"), an SEC registered broker-dealer. In addition to our services, our financial professional will offer you brokerage services through PKS, Compass Securities and M.S. Howells. Brokerage services and investment advisory services are different, and the fees we, and PKS, Compass Securities and M.S. Howells charge for those services are different. It is important that you understand the differences. In particular, your financial professional will earn commission-based compensation for transactions implemented through PKS, Compass Securities and M.S. Howells. You are encouraged to learn more about PKS, Compass Securities and M.S. Howells by reviewing PKS, Compass Securities and M.S. Howells's relationship summary and having a discussion with your financial professional.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on the percentage of net assets under management for the accounts they service directly. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of current clients.

Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

Yes. You can visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*
